GARAGE DOOR SPECIALIST

Hi,

Please allow me to introduce, or maybe reintroduce, our company to you.

Affordable Openings Garage Doors specialize in all aspects of garage door and automatic opener replacement, repair, maintenance and servicing. We are proud to promote that we are the most experienced & largest independent garage door company that service the Central Coast, Lake Macquarie, Newcastle & surrounding areas, and we have done so for more than 32 years. Shane O'Sullivan started the family business back in 1991 with his first purchase and sale of a second-hand roller door.

Today, our head office & factory are located within the Business Park of Tuggerah where we support 15 full time, long term & local team members. We are continually introducing new trainees bi-annually via our Training Academy. Here, our team complete both internal and external training, receiving recognition and rewards with the ability to support further development and growth within our business. We have 10 easily recognisable company vehicles and confidently only use our own company trained technicians, so no contractors. This guarantees a commitment to quality.

We provide free quotations and accurate evaluations with professional and honest recommendations. We are backed by major industry leading brands with whom we have had long standing relationships, some of which have dated back to the beginnings of Affordable Openings in 1991.

We always strive to build healthy, long-term partnerships with our clients and always ensure our values are upheld on each and every job. These values are quality, service and price, and we endeavour to always keep them at our core. We take enormous pride in our business partnerships and our commitment to speedy, professional, and affordable garage doors and repairs.

Thank you for considering Affordable Openings. If you would like to a copy of our contact details, certificates, insurances and compliances to register our details, please do not hesitate to contact us.

Kind Regards,

Erin Holland
